SUMMARY

A SUNY Albany computer science program graduate. Seeking a career in software engineering to apply my skills to solve interesting problems and develop applications that will be useful to end-users.

SKILLS

- C
- Python
- JavaScript
- React
- CSS
- Git
- Java
- SQL (PostgreSQL)
- Node.js
- HTML
- Bilingual (Korean)

EDUCATION

2019 ~ 2021

Bachelor of Science: Computer Science and Programming

SUNY Albany - Albany, NY

- Dean's List
- 3.6 GPA

2016 ~ 2019

Associate of Science: Computer Science and Programming

Nassau Community College - Gardencity, NY

- 3.3 GPA

RELEVANT COURSEWORK

- Algorithms & Data Structures
 - Learned various algorithms and data structures such as Dijkstra and hash.
- Database Systems
 - Used MySQL to familiarize with database
- Data Mining
 - Used Python to analyze various data sets using scikit-learn, NumPy, and pandas

EXPERIENCE

05/2018 ~ 05/2019

Food Service Worker

Shoprite – Bethpage, New York

10/2016 ~ 05/2017

Line Cook

Chick-fil-A – Hicksville, NY

06/2014 ~ 01/2016

Associate Trainer

Panera Bread – Hicksville, NY
